## IMPORTANT REPARATIONS ISSUES.

### The Opposing Programmes.

### A NEW GERMAN OFFER.

(Reuter's Service.)

Berlin, January 1.  
In a significant speech on the eve of the Paris conference, at the Hamburg Bourse, Chancellor Cuno declared that France had recently rejected a proposal for Germany to enter into a pact with France and other Great Powers interested in the Rhine, not to wage war on each other for a generation without having first taken a referendum of the respective nations. This project was presented to France through a third Power, and could be produced as evidence that France had nothing to fear from the alleged warlike intentions of Germany. Herr Cuno suggested that round-table negotiations were the best means of solving the reparations question, and said the German Government therefore had requested the Entente to allow their representative to present written proposals at the Paris conference and verbally explain them. He indicated Germany's readiness to undertake definite reparations, the sum to be raised by an international loan.  
He said such a solution would form the basis for co-operation of European industries, especially Franco-German. The selection of guarantors remained a matter for negotiation. The German economic world was ready to participate in the loan, especially as regards guarantors. He finally declared that the execution of the policy of enforced pledges would signify the death of economic reparations.  
It is authoritatively announced that the proposal mentioned by Herr Cuno for a Franco-German peace for a generation was made to America merely as an informal suggestion by Herr Wiedfeldt to Mr. Hughes. The latter did not deem it necessary to transmit it to Paris, therefore there is no question of France's rejection. Nevertheless the French would be unable to consider the immediate evacuation of the Rhine when Germany has not honoured her obligations. Moreover the League of Nations is adequate machinery for dealing with disputes.

### The French Requirements.

Paris, January 1.  
The French programme for to-morrow's Allied meeting is semi-officially stated. It embraces the grant of a two years' moratorium to Germany, as regards payments of specie and kind, conditionally on pledges in connection with the Ruhr coal output and timber deliveries, and levying of customs exports dues. France will not agree to a reduction of Germany's debt until she has received her share of the fifty milliards of gold marks, and the reduction will be accompanied by a corresponding cancellation of the interest on the Allied debts. The programme stated that the issue of a moratorium loan must be expedited to enable payment of the German debt. Full control of German finances is demanded.  
The programme pledges exploitation of the Domainal forests, from which timber deliveries are to be made, control of the distribution of Ruhr coal, the levying of a tax on the coal hewn, the levying of customs dues on the left bank of the Rhine, the establishment of customs offices at the Ruhr boundaries and the levying of a percentage sum on German exports from the Rhineland. The programme of a plan for stabilisation of the mark is required; also an internal loan guaranteed by German industrialists.

### Premier Goes to Paris.

London, January 1.  
Mr. Bonar Law left for Paris this morning for the reparations conference, accompanied by Sir Lloyd George, Sir John Bradbury, Sir Eric Crowe, and the financial expert Mr. Niemeyer.  
London, January 1.  
Bonar Law's departure for Paris to consult Lord Curzon is regarded as indicating the seriousness of the position. On the eve of the reparations conference there is little change in the facts of the situation, providing a more successful result than was obtained at the London conference, beyond the increasing pressure of events and the interdependence of the Near Eastern and reparations settlements. The hardening attitude of the Turks, which is delaying a conclusion of a treaty, is attributed to their belief that a Franco-German rupture in Paris is certain. French newspaper comments indicate the possibility of France utilising the fears of a rupture at Lausanne, with the consequent dangers to peace, as a bargaining card on the question of reparations.  
At the same time, M. Poincaré's apparent abandonment of his reiterated demand for occupation of the Ruhr may be helpful to the French and French delegates in finding a common ground of agreement, which will terminate the reparations deadlock and ensure a continuance of the Entente. Nevertheless the rock on which the conference may break is the French demand for control of German industry as essential to France's security. Meanwhile the American Government is watching for an opening to help the settlement, though it has not yet gone beyond a cautious enquiry.  
Plan for Full Settlement.  
Brussels, January 1.  
The German Charge d'Affaires, through the Belgian Foreign Minister, has requested that the German expert Hermann Bannett be allowed to present and explain to the Paris conference the reparations plan which the German Government has prepared in full agreement with representatives of German trade, industry and finance, who believed they are capable of carrying out the same. He added that the German Government had agreed under this scheme to give all the adequate guarantees the proposed loan.

## EDUCATION IN CHINA.

London, January 1.  
The Bishop of Exeter in a letter to the Times says that while gratulating the Government on the decision to spend the Boxer indemnity on promoting education in China, reminds them of a fact, and points out that China is entering a difficult period of strict history, when the machine and factory will take the place of manual work. Speaking from the now accepted views based on experience in Britain, he thinks that the education to be given to China is purely utilitarian, merely for glorified manual labour—the result will be to destroy the old Confucianism without replacement by anything higher.  
He considers it vital both to China and to the whole world that contemplated education shall teach men to care for the welfare of the worker as well as teaching efficiency in the manufacture of goods and accumulation of wealth. He says if the white man have to compete with ill-paid fellow labourer working in squalid and insanitary surroundings, his standard of living must deteriorate; and enjoin that there be no neglect of encouragement China's spiritual uplift at the expense of advancing China's material prosperity. "That way a world disaster lies."

## GRAVE NEAR EAST CRISIS.

### Turkey's Uncompromising Attitude.

### POSSIBILITY OF HOSTILITIES.

(Reuter's Service.)

Lausanne, January 1.  
Lord Curzon, accompanied by Sir William Tyrrell, has left for Paris to confer with Mr. Bonar Law. He returns on Tuesday.  
Paris, January 1.

Prepared to Leave Constantinople.  
Constantinople, January 1.  
For the third time within six months the British colony has been warned to be prepared to leave at twenty-four hours' notice. Shipping has been ordered to be in readiness to take off.  
Sixteen hundred Britishers are leaving Constantinople forthwith, owing to the uncertainty of the situation. Six hundred are expected to land at Cyprus and the remainder to come to Malta.  
Kemal States His Case.  
Paris, January 1.  
Interviewed by the Le Journal correspondent at Ankara, Mustafa Kemal expressed the opinion that if the plenipotentiaries long, whereas a complete agreement was not reached on a single point after five weeks. He expressed surprise in connection with the as to which Turkey will not agree to any further sacrifice. He described the discussion of the Capitulations as an insult to Turkish pride. Turkey was resolved to fight to the last rather than to Turkish pride. He declared they refused to maintain in their country the Greek Patriarchate, which was the rallying-point of intrigue and treachery. He concluded by stating that Turkey was ready to risk her very existence.

## THE M. C. C. TOURS.

Cape Town, January 1.  
The weather was fine, and ten thousand people attended. The wicket was perfect. South Africa won the toss and elected to bat, scoring 113. Francois contributed 28. The English bowling was excellent, especially that of Fender, who took 4 for 29. England made 123 for 4, Russell knocking up 39 and Carr 42. The South Africans' magnificent fielding was a feature of the play.  
Wellington, January 1.  
The weather was fine, but overcast. The wicket was good. There were 5,000 people present. England demolished 508 for the loss of 8 wickets, and declared. MacLaren contributed 290, not out; a magnificent display lasting 275 minutes. He was enthusiastically cheered. McLean scored 84. New Zealand replied with 222, Freeman taking 5 for 114, and followed on with 49 for one.

## LORD ALLENBY WARNS THE EGYPTIANS.

Cairo, January 1.  
Lord Allenby has issued a proclamation recalling the British sincerity in giving effect to the establishment of Egyptian sovereignty, which is appreciated by a large part of the population. On the contrary, a lying campaign is being conducted in the press elsewhere with the object of fostering anti-British hatred, culminating in the recent series of detestable murders. He warned the murderers that those professionally engendering hatred are not only bringing suffering upon innocent victims but are likely to cause a disaster to their own compatriots.

## TRADE IN 1922.

London, January 1.  
The annual statement of the bankers' clearing house says the total clearings for 1922 were approximately 37,161 millions, an increase of 2,330 millions compared with 1921, but a decrease of 1,857 millions compared with the record year 1920. New issues were on a somewhat larger scale than in 1921. The increase of rate of trade cannot be regarded as a factor, as any such increase has been offset fully by lower wholesale prices.

## TRAGIC MOTOR ACCIDENT.

### Lieut.-Comdr. Hooper Killed.

### WHILST RETURNING FROM REPULSE BAY.

(Reuter's Service.)

Very much regret to have to report the death of Lieut.-Comdr. G.W.W. Hooper, R.N., O.B.E., of the Naval Command-in-Chief's staff, as the result of a motor accident in the early hours of this morning. Comdr. Hooper was one of the Naval officers playing against the H.K.C.C. yesterday. His death has come as a shock to his many friends in the Colony.  
The deceased officer was returning from the Repulse Bay Hotel carnival dance with five other naval officers about half past two this morning, and when near Quarry Bay the motor car in which they were travelling, driven by a Chinese chauffeur, suddenly came to grief. It is surmised that one of the back wheels of the car struck against an iron post by the roadside. All but two of the passengers were thrown out, but none received serious hurt except Comdr. Hooper, who was thrown out on his head and sustained a fracture of the base of the skull. He was removed to the R.N. Hospital, but died on the way there.  
The late Comdr. Hooper, who was 31 years of age, joined the Commander-in-Chief's staff a year ago, having been appointed in November 1921. He had been in the Royal Naval School of Artillery during a period of the war, and also held an appointment in the Admiralty. He was joint editor of a book on the subject of the war.

### Funeral.

The funeral will take place this afternoon from the R.N. Hospital, passing the Monument at 4.30.

## LOST CURTAINS.

### Cassim's and European Lady at Law.

(Reuter's Service.)

Miss Ethel Morrison, of 49, Hollywood Road, was sued by Cassim Ahmed and Co., drapers, of Wellington Street, in the Summary Court, before Mr. Justice Gompertz this morning, for \$89.98, work done and goods sold and delivered. Miss Morrison counterclaimed against plaintiffs, whom she alleged, had lost some of her clothing.  
Her counsel allowed plaintiffs' claim for \$17, the price of cleaning curtains which were lost. He allowed also Miss Morrison's counter claim for \$64.85, the price of new curtains which Miss Morrison was forced to buy to replace those lost. Cassim's were represented by Mr. Leo Longinotto and Miss Morrison by Mr. F. G. Vaux.

## REVELRY AT REPULSE BAY.

### Happy Carnival Dance.

(Reuter's Service.)

Revelry ran high at the Repulse Bay Hotel last night, when a Carnival Dance was held. Over three hundred guests and diners participated and one of the most enjoyable evenings ever spent at the Bay was gone through. The big hall had been very tastefully decorated and to great was the demand for tables that all the verandahs were utilised. The costumes were, for the most part, extremely effective and the hotel's liberal provision of squeakers, whistles, balloons, confetti and streamers aided in making the true spirit of a carnival prevail. Dancing was kept up till 1.30 a.m., the orchestra excelling itself and granting many encores. It was a very happy party and one which will be long remembered by all who took part.

## AN EMPLOYEE'S PASSAGE.

### Is He Entitled to Cash?

(Reuter's Service.)

If an employee, brought to Hongkong on agreement from another country, completes that agreement and then joins a rival firm in Hongkong, is he entitled to receive the equivalent of the passage money back to his home in cash?  
This was one of the interesting points in a Summary Court action before Mr. Justice Gompertz this morning. D. Chellaram, silk merchant, of Queen's Road, sued Teckchand Motiram for \$462, money lent. Motiram brought a counterclaim for \$300, the amount of a second-class return passage to India, verbally agreed upon between the parties on the expiration of the eighteen months contract.

Mr. Leo Longinotto appeared for Messrs. Chellaram and Mr. C.A.S. Rose for Motiram.

One of defendant's contentions was that, although the agreement stipulated for Rupees 50 salary it was subsequently agreed that he should receive Rupees 100 a month. Plaintiff denied this. With regard to the \$300 passage money, it was plaintiff's case that defendant was brought out from India 3rd. class and was only entitled to return 3rd. class, the value of which passage was only \$100. Plaintiff further contended that the agreement contemplated defendant returning to India. He had taken a job with a civil firm in Hongkong. Plaintiff had always been willing to give defendant a 3rd. class passage to India, but under the circumstances contended that they were not liable to pay him the equivalent.

At the conclusion of the evidence his Honour remarked that it was rather curious that the local manager was not notified with regard to the change in salary from Rupees 50 to Rupees 100. His Honour, therefore, refused to allow this. He gave judgment for plaintiffs for the amount claimed. With regard to the passage to India, the Judge was of the opinion that a man was certainly allowed a passage. He gave judgment for a 3rd. class passage, the amount to be regarded as set-off to the plaintiffs' claim.

## CHINA'S NEW PREMIER.

### Not a Mere Figure-head.

(Reuter's Service.)

Peking, Dec. 31st.—In explanation of the fact that the mandate appointing Chang Shou-tseng as Premier was not issued last evening, Chinese official circles state that Chang insisted on selecting his own Cabinet, rather than accept the nominees of Tiao Tzu or other influential militarists. It is understood that Chang pointed out yesterday that his election by Parliament gave him a free hand. He emphasised that he did not intend to pose as a figure-head and have others dictate his policy. Chang is now engaged in selecting his future colleagues, and it is understood that the personnel of the new Cabinet will be announced to-morrow.—Reuter.

The chauffeur now explained that he was spoken to the clerk on duty at the garage about the light, so the manager, as he had previously stated. His witness required a technical offence in view of the trouble which had been caused by the chauffeur's false statement he fined the latter \$10.

#### INDIAN AFFAIRS.

Nagpur, Dec. 29.  
The National Liberal Federation has passed a resolution urging acceleration with regard to the introduction of responsible Government, demanding the Indianisation of officer ranks, reduction of the British element in the Indian Army and appealing to Indians to enlist in a territorial force.

Gaya, Dec. 30.  
The Subjects Committee of the National Congress passed a resolution, appealing to the country to supply fifty-thousand volunteers and twenty-five lakhs preparatory to launching a civil disobedience campaign.

The Khilafat Conference passed a resolution by a large majority in favour of a boycott of British goods and appointing a committee to arrange accordingly.

At Nagpur the Moderate Congress passed a resolution trusting that the Secretary of State would give full effect to the principle laid down by the Joint Committee of the Imperial Parliament to the effect that wherever the Raj and Legislatures are agreed there should be no interference from a higher authority, and releasing the Raj from the necessity to consult him previously in such circumstances.

The Nationalist Congress heavily defeated a resolution proposing a boycott of British goods. The opponents declared that the resolution proposed an impracticable policy and would prove economically injurious to the Indian consumer. It would also antagonise British labour.

London, Dec. 30.  
A well-known Manchester merchant just from India has predicted to the Daily News that India will begin buying Lancashire cotton before March. He says that the Bombay bazaars are showing signs that they have had enough of Japanese manufactures, owing to the latter's habit of delivering inferior stuff after a first order. He draws a cheerful picture of improving conditions in India, which he anticipates will benefit Lancashire and England generally.

#### THE HONOURS COMMISSION.

London, Dec. 29.  
The report of the Honours Commission recommends the appointment of a committee of not exceeding three persons not members of the Government for the duration of office of the Government, to whom names of persons for appointment to any dignity or honour owing to political services should be submitted before they are submitted to the King, with a statement of their services and reasons for their recommendation; also a statement by the patronage secretary or party manager that no payment or expectation of payment to any party or political fund is directly or indirectly associated with the recommendation. In the event of the Committee reporting against any name, and the Premier determining to still recommend the name, the King shall be informed. The Committee's report adds that an act should be passed, penalising anyone promising to secure or endeavouring to secure an honour in respect of payment and anyone promising payment in order to receive an honour.

The Honours Commission is strongly of opinion that before submitting to the King the name of any person domiciled, or lately domiciled in any Dominion, the Premier, through the Colonial Secretary, should inform the Governor General or the Governor concerned when it would be understood that the Governor-General would consult his Prime Minister.

**FRAUDS ON BOOKMAKERS.** A suggestion for the prevention of betting frauds was made from the dock at the Old Bailey recently by a man who pleaded guilty to obtaining money from bookmakers by means of forged telegrams. The suggestion was that if the Post Office authorities wrote their telegrams in indelible ink, and stamped in the time and date, instead of writing them in and, if the bookmakers would only work through telegraphic addresses, neither the Postmaster-General nor the bookmakers could be defrauded. Frank Howlett, who made this suggestion, was sentenced to 18 months' hard labour, the Recorder remarking that the Postmaster-General and the bookmakers might be thankful for the idea. A man named West, who was charged with Howlett, was given nine months' hard labour.

Our Portrait is of Mrs. M. MACE, of 97, Brompton Lane, Scarborough, England, who writes—

"For 5 years I suffered with a terrible wound, stretching from the abdomen to the right hip, during that time I tried doctors and patent medicines innumerable, but without success. At length I was persuaded to try 'Clarke's Blood Mixture,' and after taking the first bottle began to see an improvement, which has continued, with the result that my wound is healed and I now have no pain. I am writing this testimonial so that other sufferers like myself may have the benefit of your marvellous medicine." In a further recent letter, nearly two years later, Mrs. MACE writes: "I am happy to say that there has been no recurrence of my complaint, and consider my case a very satisfactory cure."

Sufferers from Bad Legs, Rheumatism, Ulcers, Eczema, Itch, Pimples, Eruptions, Abscesses, Goats, should see that Agents and merchants can buy genuine bottles and be sure of complete and lasting benefit. The blood must be thoroughly cleansed of the poisonous matter, the true cause of such troubles. Clarke's Blood Mixture quickly attacks, overcomes, and expels the impurities that in many cases render recovery hard to obtain. Pleasant to take and free from injurious ingredients.

### FRIENDSHIP WITH CHINA.

The impeachment by the Japanese Privy Council of the Government in its policy towards China raises an issue of the utmost importance. At the moment of writing, the terms of the resolution which is to be forwarded to the Throne have not been disclosed, but it is indicated that the present situation in China and the attitude of Peking towards Japan has of late caused considerable apprehension, owing to the large interests of Japan in China, and that the Privy Council is of opinion that the policy of the Japanese Cabinet is not in accordance with the best interests of either country.

The professed object of the Privy Council is to secure more friendly relations with China and to secure the protection of Japan's interests in the neighbouring country. That, of itself, is not a very clear indication of the nature of the condemnatory resolution. The "protection of Japan's interests" might lead to anything but friendly relations, although on the other hand, greater friendliness by Japan towards China might prove the best kind of protection in the long run. There can be no two opinions but that there is room for very considerable improvement in the relations between the two countries, and whilst we are not going to lay all the blame on the Japanese, it must be conceded, we think, that Japan's policy in China has, in the main, not been such as to encourage concord between the two nations. A radical modification in Japan's attitude would doubtless serve her far better than the somewhat aggressive policy of the past.

Without going further into the subject at the moment, let us say that any development which will lead to a better understanding between China and foreign Powers at the present juncture must be welcomed. Britain, we are glad to see, by her proposed action in regard to the Boxer Indemnity, is showing an increasing friendliness towards China, and we should like to think that the year now started will witness a marked growth of harmony between the Chinese and the outside world. China needs all the help and sympathy she can secure. A serious attempt by foreign Powers to cultivate greater friendship and intimacy with the Chinese would be most fruitful in its benefit to all concerned.

### Island Beauties.

It is remarkable what a number and variety of places East of Suez one hears described as of surpassing beauty, by some particular lover of scenic splendour. The "gem of the East" is a term that has been applied to quite a dozen or so tropical or sub-tropical islands, and the traveller who has seen them all wonders very often what particular point of merit moved each man to select his special fancy. The beauties of Ceylon, of Penang, of Hongkong, and of Hawaii, besides many other well-known places on the map, have been described ere this, but we think that Hongkong has received less attention than the others. Penang is certainly one of the most beautiful of the numerous tropical isles, but we fancy it had been somewhat neglected in the past. Recently, however, a writer "discovered" it to be the world in the following words, which we take from a publication to hand during the week: "The veil of the mountain in the centre against the sky adorns yet covers not the picturesque of the background of waving woods. More verdant than Madeira or Tenerife, Penang possesses an antique quaintness absent from these. It stands unrivalled amongst the island beauties of this planet." Many will agree that the claim embodied in the last sentence is rather a rash one to make for any place. It is evident that mountain scenery enhances the beauty of a spot. Hongkong has its "mountain in the centre," its ravines, its mists, and groves; and at night its fairy-palace of lights. It has a unique beauty of its own that will always give it high rank among the Eastern isles for which so much is claimed.

### Honour to Whom—

The only New Year Honour to come the way of Hongkong is a Commandership of the Order of the British Empire for the Hon. Mr. E. R. Hallifax. This Order is divided into five classes, of which the C.B.E., which Mr. Hallifax now receives, is the third. The recipient previously held the O.B.E. decoration (the fourth class of the Order), which was conferred on him in 1918 and he therefore now advances a stage. The only other holders of the C.B.E. in Hongkong are the Hon. Mr. J. H. Kemp, Mr. A. G. M. Fletcher and Mr. F. C. Jenkins. The recognition of Mr. Hallifax's services to the Colony by the conferring of this honour will be generally admitted to be thoroughly deserved. For more than ten years, Mr. Hallifax has been Secretary for Chinese Affairs, and during his tenure of office the duties and responsibilities of the post have immensely increased. Even in normal times, the position is one which calls for much tact and patience, but during recent years, with the frequent adjustment of industrial disputes arising out of the growth of Trades Unionism amongst the Chinese workers, Mr. Hallifax has been called upon to exercise these qualities to an even greater extent than ever. He holds one of the most difficult posts in the Government service, and it must be a source of gratification to him to feel that his services have again received Royal notice. We join in congratulating him on having been awarded the honour which has now fallen to him.

### RUGBY FOOTBALL.

#### Yesterday's International Match.

A very interesting and well-fought Rugby game was played at Happy Valley yesterday between teams representing England and The Rest. There was not a very large crowd present, owing to so many counter-attractions. There was no score in the first half, although The Rest had somewhat the better of the exchanges. Their scrum halves worked better than did England's, but the latter's defence was extremely sound. In the forward department, England was the superior all the way through, but the three-quarters never got really under way. There were very few three-quarter movements throughout the match, although play was, for the most part, of an open character. The second half had almost run out, when a forward rush by England saw the ball punted well down the field. In the scramble for the ball it was kicked over the line and a try secured in a very favourable position. The player who took the kick found no difficulty in converting, the first whistle sounding as soon as the kick had been taken. England thus won by five points to one.

### DAY BY DAY

THE ROAD TO WISDOM HAS NEVER BEEN MAPPED.

Besides saloon, second and third-class passengers, the Empress of Canada brought 433 Chinese steerage passengers here.

Arriving by the Nellore from Home were Mr. and Mrs. W. S. Brown, Mr. and Mrs. W. A. Cooper and Mr. and Mrs. Robson.

The Bishop of Victoria has left the Colony for a visit of about three weeks to the mainland. He expects to be back again on January 22nd.

The only cases of communicable disease notified during the past three days were one each of scarlet fever (English) and diphtheria (Chinese).

"The Powder Puffs" are to return to the Colony shortly. They will appear at the Star Theatre, Kowloon, on the 11th, 12th, and 13th instant.

Owing to the late arrival of the steamer, the opening night of Harman's Circus has been postponed until to-morrow. The box plan is now open at Moutrie's.

Amongst the passengers who arrived by the Empress of Canada to-day were Mr. and Mrs. P. H. Holyoak, Mrs. G. Grimbale, Mr. and Mrs. Frank Smyth, Mr. M. Maas, Mr. and Mrs. G. M. Dodwell, Mr. E. L. Hosie, Mr. and Mrs. R. J. Dixon, Lieut. Col. Robert Innes and Major and Mrs. C. T. Richardson.

A coolie, found in No. 2 hatch of the President Taft, in possession of two straw hats (a part of the cargo), on Dec. 31st, came before Comdr. Backwith, at the Marine Court this morning, and was sentenced to two months' hard labour. It was stated that a number of cools in the hold had been broken open.

William Philip Gilmore, whose arrest and appearance before the Magistrate over the week-end was the result of his wearing a suit of clothing belonging to another man, was again brought up this morning. Mr. J. R. Wood said he did not think it likely that defendant had intended to steal the suit. The probable explanation was that he was drunk and had taken the things without any criminal intent. Defendant was discharged.

The Filipino community of Hongkong assembled at the City Hall on Saturday night to celebrate the 26th anniversary of the death of their national hero, Dr. Rizal. With the aggregation of musical talent available in the community, no difficulty was experienced in arranging an exceptionally excellent programme of vocal and instrumental items, for which those concerned deserve every credit. The evening's concert was followed by an enjoyable dance.

We are advised that, commencing with the sailing of the Suwa Maru from London on the 6th inst., the N.Y.K. passage rate from London to Hongkong will be £114 first class and £80 second class and from Marseilles to this port £106 and £74 respectively. Corresponding reductions are made to all other ports en route. The passage rates from this end to Europe, quoted in yen, remain unchanged, as they are lower than the aforesaid sterling East-bound rates.

When the s.s. Sui An was entering the harbour at about 6 p.m. yesterday, on her return from Macao, the alarm of "man overboard" was given. The ship was immediately turned round, and when it was seen that a sampan was rowing to the rescue the vessel's engines were stopped. The sampan brought the man, a Chinese, to the ship, where he was revived by a tip of brandy. He appeared to be about 70 years of age, and was in a sad state after his submergence in the cold water. He was given a change of clothing, and when he had collected his wits he said he had jumped into the water because he was alone in the world and found life not worth living. The commanders opened a subscription for the old man, and many of the passengers gave donations.

### CRICKET TOURNAMENT.

#### H.K.C.C. Defeat the Navy.

The final match in the triangular cricket tournament, between the Hongkong Cricket Club and the Navy, was played on the H.K.C.C. ground on Saturday and yesterday, and resulted in an easy win for the Club. It will be remembered that the Club were much superior to the Army team in their encounter, and the military eleven succumbed to the Navy.

The naval men went in to bat first on Saturday, and their innings produced 101 runs. To this the Club replied with 139.

The navy's second innings was slightly better than the first, with a total of 108. The last wicket fell shortly before the luncheon interval, yesterday. In their second innings, with one batsman retiring after scoring 8, the Club reached 253 for the loss of nine wickets. To this total Quick contributed 72 (including eleven fours) and Hancock 60 (ten fours). The Club's fielding and wicket-keeping were excellent.

# THE KIDDIES' DAY.

## Children's Sports at K.C.C.

Yesterday was the kiddies' day at the Kowloon Cricket Club. Though most of the adults appeared to be enjoying themselves equally as much. It was the annual children's sports, which have become such a feature at this Club at New Year time.

It was a very merry afternoon. In addition to the sporting events, there was a bran tub, an aunt Sally and coconut shies, looked after by the genial Messrs. R. E. Nicholls and Hoather, who, as usual, proved themselves first-rate entertainers to the little guests. The proceedings were enlivened by the King's Band, who contributed pleasing selections during the afternoon, and afterwards added to the fun by participating in a bandmen's race.

There was little speechmaking. Mr. R. E. Lindsell, in a short and happy speech, thanked everybody for coming. He regretted that there were fewer entries than usual, but he hoped in the future they would have more and more children at their sports. He congratulated the prize winners and the prize givers and, finally, he thanked His Excellency the Governor for coming to distribute the prizes. His Excellency and Lady Stubbs came last year and they took a great interest in this annual event.

His Excellency replied in humorous vein. At this time of the year one usually made good resolutions. He had made one, and that was that this year he was not going to make any unnecessary speeches. His Excellency congratulated the President, the Vice-President and the Committee on the entertainment and he congratulated the prize winners and the company in general for a very pleasing afternoon.

At the Police Recreation Club.

A very happy time was spent yesterday afternoon by the members of the Police Recreation Club, their wives, children and friends. The annual races and Christmas Tree are always keenly looked forward to, not only by

the members of the younger generation, but by all members of the force. Yesterday's event proved to be as successful as any of its predecessors, and it was a very happy band of children who went home from the Club last evening. There were races for prizes, a sumptuous tea and a gigantic Christmas Tree from which presents were distributed. What more could juvenile hearts desire?

The arrangements were ably carried out by the Committee, but special mention should be made of the work put in by Mr. W. Gerrard (Chairman), Mr. N. Watts (Secretary) and Mr. Whant (Treasurer). Mr. Ward, as clown, was a great favourite with the kiddies.

Among the very large attendance were the Hon. Mr. and Mrs. E. D. C. Wolfe, Mr. and Mrs. P. J. Wodehouse, Mr. and Mrs. T. H. King, Mr. and Mrs. Burlingham, Mr. and Mrs. J. Kerr, Mr. and Mrs. J. W. Franks, Mr. Pardur, Mr. P. C. Jenkin and daughters. Practically all the senior inspectors, their wives and children, and many members of the Victoria Gaol staff, were present.

During the afternoon Mr. Gonzales' band provided music, whilst later the Police Jazz Band played for dancing. The ladies superintended the tea, and every credit is due them for the manner in which it was carried out. After the sports and prize distribution, every child was presented with a gift from the Christmas Tree. The party broke up just before dinner time.

The following were the results of the events:—

Girls' Handicap Race (under 10):—1, Juliet Earner; 2, Kathleen Glendinning; 3, Mavis Glendinning.

Boys' Handicap Race (under 10):—1, Douglas Taylor; 2, Martin Earner; 3, Lyall Glendinning.

Pick Up football match:—Messrs. Hollands, Roberts, McWalter, Nolloth, Phillips, Watts, P. Condon, Johnson, Knight, Angus, Whelan, Garrod and Post.

Ladies' Cocoa-nut shie:—1, Mrs. Alexander; 2, Miss Purden; 3, Mrs. Dorington.

Gents' Handicap Race (under 35):—1, Mr. Reynolds; 2, Mr. Post; 3, Mr. Nolloth.

Girls' Handicap Race (10 and over):—1, Beatrice Taylor; 2, Barbara Earner; 3, Wendy Jenkin.

Boys' Handicap Race (10 and over):—1, Ronald Gerrard; 2, Frank Angus; 3, Neil Gerrard.

Gents' Handicap Race (over 35):—1, Mr. J. Grant; 2, Mr. J. Franks; 3, Hon. Mr. E. D. C. Wolfe (after dead-heat with Mr. Wiltshire).

Ladies' Egg and Spoon Race:—1, Miss Olive Gerrard; 2, Mrs. Hollands; 3, Mrs. Taylor.

Thread and Needle Race:—1, Mrs. Grimmer and Mr. Ward; 2, Mrs. A. Clark and Mr. A. Clark; 3, Mrs. Reynolds and Mr. Reynolds.

The Tug-of-War between Married and Single was not held, owing to the lateness of the hour and the desire to present the children with the toys from the Christmas Tree.

The prizes were distributed by Mrs. Wolf, and in acknowledging a vote of thanks to her, Mr. Wolfe referred to the very enjoyable time everybody had spent. The arrangements were excellent. He took that opportunity of wishing good-bye to eight of the senior men in the force who were due to retire this year and he also welcomed the new arrivals from Home, saying the Colony was lucky to get men from the R.I.C.—one of the finest forces in the world. He also expressed thanks to Mr. and Mrs. J. H. Taggart, the China Loan and Provident Company and Mr. F. C. Jenkin for generosity in helping to make the afternoon such a success.

Cheers were afterwards given for Mrs. Wolfe, the ladies and others.

Dockyard Recreation Club.

The "Sail-Loft" of the Naval Yard was on Saturday last the scene of a delightful function when a large assembly of the Dockyard Recreation Club members, their wives and children, gathered together, the event being the children's Christmas Party. Among those present were Commodore H. E. Grace, Commander W. R. Priston and the Rev. H. S. Crole-Rees, R.N. The "Loft" was beautifully decorated with flags and bunting. There was an Aunt Sally coconut shie, aerial railway, long shoot, etc., etc. It did great credit to the Committee. Messrs. Sandford, Budden, Luck, Babbage, Newham, and Oswald, who had worked so assiduously to make the event a

success. At 4.30 p.m. the children sat down to a sumptuous tea, provided by a hard working and enthusiastic committee of ladies. Messdames Budden, Sandford, Newham and Johnston, who were amply compensated by the happy smiling faces of the youngsters doing full justice to the good fare before them. Messrs. Budden and Grant, suitably dressed as clown and cameraman, worked hard to amuse the children and deserve much praise for the able way in which they carried out their by no means easy task. After tea, a pleasing tableaux was given by Comdr. Christmas and Mr. J. W. Grant as the sleeping "Cae-ild." At the conclusion of this performance, Comdr. Priston, in a few well chosen words, wished everyone present the compliments of the season and presented each child with a useful prize. Mr. H. A. Nott, in a neat speech, eulogised the workers on the results of their efforts and special reference was made to Comdr. Priston, who has filled the role of Father Christmas for two seasons. They all regretted that Comdr. Priston would not be amongst them next year, as he was due for Home shortly.

After an hour or so, a dance was held and those members, their wives and friends who did not enter into the afternoon's proceedings, turned up in force in the evening. The Warfarers' Radio Jazz Band, under the direction of Mr. Francis, supplied some excellent music during the afternoon and evening, whilst the duties of M. C. for the dance were ably carried out by Mr. H. Budden, and Mr. A. Brock. At 11.30 p.m. after a thoroughly enjoyable evening, the proceedings terminated with "The King."

NEW BARNADO HOME.

A Change of Air.

The Prince of Wales went out by motor-car on November 17th, to Goldings, near Hertford, where he formally opened the new Barnardo Home, unveiled the memorial stone to William Baker, Dr. Barnardo's successor, whose name the school bears, and spent two hours with the patrons and the three hundred boys.

Many of the forty Barnardo homes scattered about the country specialise in some direction. The one at Steppney, familiar to passengers on the Bexley line, specialised in technical training. This has now been moved to the delightful new home at Goldings—a fine house built in Tudor style, standing in 11 acres of ground and supplied with well-equipped workshops.

Though the home was only formally opened this day, the boys have been living there since April, and already the change in their physical condition since they left the slum area for the fresh air and sunshine has been most marked. Their mental outlook, too, has changed.

# CAMERA NEWS.

All New York society was present at the wedding of Louise Morris, great-granddaughter of the late William H. Vanderbilt, and Dudley Holbrook Mills of New York.

This nine and one-half foot shark was killed in Vancouver harbour by Captain Hamilton after the enormous fish had followed his boat from San Francisco. It was killed by shots from a heavy revolver.

A sentence unique in the annals of traffic law violations was that imposed on six motorists of Cleveland recently. They were made to attend the funeral of a traffic victim. The Judge, in passing this sentence, said he intended it as an object lesson to reckless motorists. The six who were sentenced had been arrested on various charges of violating the traffic ordinances, but had nothing to do with the death of the child whose funeral they were forced to attend. The victim was a 7-year-old girl who was killed by a motor in front of her home. Below is shown the flower-covered casket being escorted into church by some of the child's schoolmates. Above, the six motorists, under police guard, are shown entering the church. The text of the funeral sermon was "Thou shalt not kill."

## THE NEW YEAR.

## How It Was Celebrated.

The New Year holidays brought with them many of the customary celebrations here. On New Year's Eve there were many private parties, and the Old Year was seen out with all the usual enthusiasm. The firing of crackers, the ringing of church bells, heralded in 1923 in noisy fashion. Watch Night services were held in some of the churches.

Yesterday's programme was a full one. There were special holiday cricket matches, a charity football match between the Army and the Navy, an international Rugby match, special golf competitions at Fanling, as well as children's sports and parties at the K.C.C. and Police Recreation Club, whilst last night the Repulse Bay Hotel was the scene of a brilliant fancy dress dance. There was also a most enjoyable fancy dress dance at the Kowloon Theatre on Saturday. Elsewhere in this issue will be found fuller details of the events.

## "THE TEMPEST"

## A.D.C.'s Continued Success.

A full "house" again witnessed the Hongkong A.D.C.'s presentation of "The Tempest" at the Theatre Royal on Saturday night. The great success which this production has attained was clearly demonstrated by the large audience present, and their enthusiastic appreciation of the way in which the individual members of the company interpreted their parts. Commencing to time, however, would almost appear to be a mistake with some members of the Hongkong theatre-going public. The effect of the opening of the piece, "The End of the Storm," realistically rendered by the talented orchestra, before the curtain went up, was greatly marred by the usual late arrivals, who unfortunately seem to be encountered in most theatres. With this exception, for which the A.D.C. were, of course, in no way to blame, Saturday night's presentation was from start to finish another brilliant success.
